Society and Culture

- ▶ The central goal of Society and Culture Stage 6 is the development of social and cultural literacy and a clear understanding of the interaction of persons, societies, cultures, environments and time. The influence of other aspects of societies and cultures - including power, authority, identity, gender, technologies and globalisation - is also central to the course.
- ▶ Society and Culture draws on cross-disciplinary concepts and social research methods from anthropology; communication; cultural and media studies; philosophy; social psychology; and sociology.
- ▶ Society and Culture has direct relevance to the immediate needs of students and to their future lives by enabling them to develop understanding of:
 - ▶ themselves
 - ▶ their own society and culture
 - ▶ the societies and cultures of others.
